

“RESCUE, RECYCLE AND RECLAIM GARDEN PLANTS AND MATERIALS”
GUIDED GARDEN TOUR

Continuing Education 2 CE's
August 10th 6:00 - 8:00pm

This is an outstanding opportunity to enjoy an owner guided tour of “Tall Pines”, a private 3 acre garden where we will see the results of 32 years of hard work. This environmentally friendly property has:

- Rescued and rehabilitated plants discarded by a local landscaping company
- Salvaged concrete, wood and metal transformed into garden art, walking paths and garden structures
- Garden arbors made from recycled ladders
- Potting benches made from recycled screen doors
- A potting shed made from discarded Chilis Restaurant doors

This lovely landscape will certainly get our “creative juices” flowing.

LOCATION: 5569 Breezewood Drive N.E. Canton 44705

DIRECTIONS: Take Route 62 to Harmont Ave., Turn Left
At Columbus Road, Turn Right
Just past Skyland Pines Golf Course, Turn Left at Breezewood

RSVP: Nancy Quinn-Simon carlywefarm@aol.com or 330 832-1934
